

Information regarding notification requirements for Member States under MiCAR

Notifications by Member States under Articles 93, 99 and 111 Regulation (EU) 2023/1114 on Markets in Crypto-assets (MiCAR)¹

Member States are subject to notification requirements to European Banking Authority (EBA) and European Securities and Markets Authority (ESMA) under Articles 93, 99 and 111 MiCAR.

Pursuant to Article 93 MiCAR Member States are required to designate the competent authorities responsible for carrying out the functions and duties provided for in MiCAR.

Competent authority is defined in Article 3(1), point (35) MiCAR as one or more authorities designated by each Member State in accordance with Article 93 MiCAR concerning offerors, persons seeking admission to trading of crypto-assets other than asset-referenced tokens and e-money tokens, issuers of asset-referenced tokens, or crypto-asset service providers and designated by each Member State for the application of Directive 2009/110/EC concerning issuers of e-money tokens.

Member States are required to notify those competent authorities to EBA and ESMA. ESMA will publish a list of the competent authorities designated on its website.

Where Member States designate more than one competent authority, they shall determine their respective tasks and designate one competent authority as the single point of contact for cross-border administrative cooperation between competent authorities as well as with EBA and ESMA. Member States may designate a different single point of contact for each of those types of administrative cooperation.

Pursuant to Article 99 MiCAR Member States shall notify to the EBA and ESMA the laws, regulations and administrative provisions implementing Title VII MiCAR, including any relevant criminal law provisions, as well as any subsequent amendments thereto.

Pursuant to Article 111 MiCAR Member States shall notify to the EBA and ESMA the rules for administrative penalties and other administrative measures in relation to certain MiCAR infringements, as well as any subsequent amendments thereto.
